غرفة دبي
DUBAI CHAMBER

Dubai Chamber Construction Business Group

To efficiently help chamber 150,000 plus members and companies in Dubai and to operate in a favorable business environment, chamber has facilitated the creation of business groups in Dubai that are divided by industry, and business councils that are divided by country. Through these groups, chamber aims to boost economic cooperation and enhance commerce between the business communities of Dubai, as well as the bilateral trade relations between countries.

Business group offer support and networking solutions to professionals that share similar trade. These group allow for more specialized interactions with the Dubai chamber as well as business to business networking. Such group is formed in 2008 among all the construction companies owners in Dubai and 11 member committee is elected by an election . With the support of all the members Adrez Contracting became the executive committee member and the only Indian owned company. Later LAIJU AHMED was elected as the secretary general of the committee by the members and had a chance to visit many countries as a chamber delegate with higher officials .
